

## **Flannelly Auctioneers**

### Description:

Flannelly Auctioneers are the leading property specialists in the town of Castlebar. Established over twenty years ago the Flannelly family have been part of the business life of Castlebar for five generations and have many years experience in the buying, selling and valuing of all types of property, i.e. residential, commercial, and agricultural.

Flannelly's is a family run business and thereby can guarantee a personal touch in all our dealings with our valued clients.

Due to the ongoing growth in our business over recent years we have just recently expanded into a larger suite of offices and we feel that this will further facilitate our dealings with our customers. The offices are in an excellent commercial location in Castlebar and our large front and rear display windows give our clients the best possible opportunity to offer their properties for sale to the public. In addition all our properties will now be advertised extensively on our new look web site.
